

TEA LIFE AUSTRALIA PTY LTD

PRODUCT SPECIFICATION / COA-STYLE DOCUMENT

Australian Bush Sunrise Tea

Document No.	TL-ABS-21092026	Issue Date	21 September 2026
Version	1.0	Prepared by	Tea Life Australia Pty Ltd

1. Product Identification

Product name	Australian Bush Sunrise Tea
Product type	Loose leaf green tea and Australian native botanical blend
Ingredients	70% First Harvest Green Tea; 10% Lemon Myrtle; 10% Finger Lime; 10% Native Lemongrass
Botanical names	<i>Camellia sinensis</i> ; <i>Backhousia citriodora</i> ; <i>Citrus australasica</i> ; <i>Cymbopogon ambiguus</i>
Country of origin	Australia - blend designed from Australian-grown ingredients
Packer / seller	Tea Life Australia Pty Ltd
Contact	hello@tealife.com.au 0481 818 833

2. Physical and Organoleptic Specification

Parameter	Specification
Appearance	Loose blend of green tea leaves with cut native botanical material and visible finger lime pieces.
Colour	Predominantly green to olive green with pale straw and cream-to-citrus coloured inclusions.
Aroma	Fresh green tea with bright native lemon and citrus notes.
Flavour	Clean green tea base with lemon myrtle, finger lime and native lemongrass character.
Foreign matter	Free from visible foreign matter under normal inspection.

3. Microbiological Specification / Reference Results

Parameter	Specification	Reference Result	Method
Total Plate Count	NMT 10,000 CFU/g	Conforms	Supplier / laboratory method
Total Yeast & Mould	NMT 1,000 CFU/g	Conforms	Supplier / laboratory method
E. coli	Negative	Negative	Supplier / laboratory method
Salmonella	Negative	Negative	Supplier / laboratory method
Staphylococcus	Negative	Negative	Supplier / laboratory method

4. Chemical and Contaminant Specification / Reference Results

Parameter	Specification	Reference Result	Method
Moisture	NMT 5.0%	2.18%	5 g / 105 C / 2 hrs
Ash	NMT 5.0%	4.06%	2 g / 525 C / 3 hrs
Total Heavy Metals	NMT 10 ppm	Conforms	Atomic Absorption
Arsenic (As)	NMT 1 ppm	Conforms	Atomic Absorption
Cadmium (Cd)	NMT 1 ppm	Conforms	Atomic Absorption
Mercury (Hg)	NMT 0.1 ppm	Conforms	Atomic Absorption
Lead (Pb)	NMT 3 ppm	Conforms	Atomic Absorption

5. Additional Processing / Testing Information

Sterilisation reference	High temperature and high pressure for a short time (5-10 seconds).
Pesticides	No numerical pesticide result is stated in the reference analytical data.

Aflatoxins / mycotoxins	No numerical aflatoxin or mycotoxin result is stated in the reference analytical data.
--------------------------------	--

6. Food / Allergen / Processing Information

Allergens	No allergens intentionally added to the blend.
GMO	No genetically modified ingredients intentionally added.
Irradiation	Not intentionally irradiated.
Vegan	Suitable for a vegan diet based on listed ingredients.
Caffeine	Contains naturally occurring caffeine from First Harvest Green Tea.
Added flavours	No added flavouring stated; citrus character is provided by the botanical ingredients.

7. Packaging / Storage / Shelf Life

Packaging	Packed by Tea Life Australia Pty Ltd in food-grade retail packaging.
Storage	Store airtight in a cool, dry and dark place, away from heat, moisture and strong odours.
Shelf life	Okay for up to 4 years if airtight, cool, dry and dark.

8. Traceability and Quality Statement

Tea Life Australia Pty Ltd maintains supplier, ingredient and packing records for product traceability. Raw materials are received, inspected and stored under Tea Life's food-safety and quality procedures.

Important analytical note: At the customer's instruction, the numerical and microbiological reference results in Sections 3 and 4 are carried over from Tea Life's Blue Lotus reference specification. They are included for specification/reference consistency and are **not represented as batch-specific laboratory results for Australian Bush Sunrise Tea**. A batch-specific Certificate of Analysis should only state analytical results obtained from testing that batch or supplied for the applicable raw materials.
